Report of Principal and School Improvement Council

Chester Park Elementary School of Inquiry (CPESI) has experienced a successful 2008-2009 school year, engaging students in inquiry-based learning, increasing parental involvement, and increasing school/community relations. School improvement continues to be our focus. Teachers, staff, parents, and the community have come together to assist our school in raising the level of student achievement.

Our SIC met monthly to discuss projects, Title I, plans for school improvement, and sponsored our first Bring A Parent To School Day. The Parent Teacher Organization provided funds for field trips, student recognitions, created Classroom Moms, and sponsored a Spring Carnival. Teachers and staff provided Family Reading and Family Game Nights, parent workshops, and evening programs. Students were recognized at awards programs each nine weeks for attendance, honor roll, behavior, effort and much more. Home/school communication is important, so a weekly parent newsletter was sent home with the Parent Communication folder each Tuesday. Student agendas provided daily contact between teachers and parents.

Located within the Chester Park Complex, our school serves approximately 326 students in grades Pre-K through 5. As a school of choice, parents chose to have their child(ren) attend the School of Inquiry. Our modified, year-round calendar allowed for intersessions in the Fall and Spring for classes in remediation / enrichment, exposing students to a wide variety of skills and learning experiences. We try to prepare students for real-life experiences with opportunities such as Student Council, Safety Patrol, Junior Achievement, 4-H Club, VIP Boys Club, "Our School Rocks" morning news show, and the Children's Finance Club. Founders Federal Credit Union opened a student branch at CPESI. Students can make weekly deposits and receive prize incentives for saving their money.

The Leadership/Data Analysis Team assessed the academic needs of our school for improvement using PACT, Dominie, and MAP data. Students were placed into "intervention groups" for reading and math and provided small group instruction by three intervention teachers each day. Before / after school tutoring programs were also available. With the support of an Instructional Coach and Science Coach, teachers were provided on-going staff development during weekly grade-level meetings for planning standards-based lessons and analyzing student assessments. Professional development was provided for administrators, faculty, and staff on Revised Bloom's Taxonomy, data analysis, and district curriculum support documents. Faculty and staff members also participated in a book study this year to learn strategies for increasing the academic achievement of our African American male population.

We exceeded our goals set for this year in ELA, Math, Social Studies and Science, and met Satisfactory Implementation on our Focused School Renewal Plan. There is so much to be proud of at Chester Park Elementary School of Inquiry, and we will continue to strive to teach our students the skills they need for successful futures.
